A Masonic lodge has recently been organized at Fort Meade.

Tampa is making an effort to organize another military company.

The schools of Miami opened with an attendance of 850 pupils, a gain over last year.

The fire department of Jacksonville is being annoyed with having false alarms turned in.

Dr. John MacDiamond of DeLand will go to Pensacola to assist the physicians in the yellow fever cases.

The disinfectant used at Pensacola is made at home or at Bohemia, near that city. It is said to be the best on the market.

The orange crop on the Glen St. Mary Nursery trees is a fine one this season, and beats any grove of its size in the State.

Game Warden Robinson made a raid on some of the seine fishermen near Otter Creek, securing the nets and boat. The operators escaped.

There is a contest going on for the principalship of the Perry schools. The other teachers are also having a struggle to see who will be elected.

The Indian River Hotel at Titusville is entertaining quite a large number of guests. A library has been added to the conveniences of the hotel.

Miami firemen are getting their fire fighting apparatus in the best shape and are making some quick runs to town. Miami never does things by halves.

F. F. Brantley, the produce drummer of Jacksonville, who got arrested as Macdonny for taking orders for the products of the still, paid \$180 for his privilege.

The shipments of fish from Titusville, during the month of August, amounted to 1,000 barrels in round numbers; about 200 barrels a week are now being shipped. These are practically all mullet. The fishing industry is represented by three companies.

B. W. Slappy and C. W. Dixon of Jacksonville claimed to have had \$55 and \$80, each respectively, taken from their trunks in their boarding house. Slappy now asserts that Dixon robbed him and claimed the loss of money to hide his theft. Dixon is under arrest.

G. E. Paul, a well known contractor, was shot at his boarding house at Tarpon Springs at 6 o'clock Wednesday evening. His wife came to the dining room to meet him, when he shot her with a double-barrel shotgun. He then ran to the back yard and shot himself. He had been drinking heavily for some weeks. He left no statement.

When the mail boat running between Fort Myers and Punta Gorda arrived at the latter place Wednesday Staten Johnson and another man were the only persons on board. The engineer, Theodore Scott, was missing, and these men claimed he fell overboard and was drowned. A search revealed some bloody garments supposed to belong to Scott and the two men were arrested. The body of Scott has not been recovered.

Doomed.
"Bigstar's manager has promised to give a presentation of that comedy of mine," said De Ritter, "but I don't know when it's to come off."
"Probably the night after it's put on," suggested Crittiek. —Catholic Standard and Times.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont. was entirely bald. In less than a week Herpicide had removed the elements of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal coat of hair. Sold by leading druggists. Send 50c in stamps for sample to The Herpicide Co., Detroit, Mich.

LIEUT. F. S. DAVIDSON.

PE-RU-NA STRENGTHENS THE ENTIRE SYSTEM.

F. S. Davidson, Late Lieut. U. S. Army, Washington, D. C., care U. S. Pension Office, writes:

"In my mind there is no remedy for catarrh comparable to Peru-na. It not only strikes at the root of the malady, but it tones and strengthens the system in a truly wonderful way. That has been its history in my case. I cheerfully and unhesitatingly recommend it to those afflicted as I have been."—F. S. Davidson.

If you do not derive prompt and satisfactory results from the use of Peru-na, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

DON'T BOLT YOUR FOOD.

There is Pleasure as Well as Health in Deliberate Eating.

Fast eating is sure to be injurious, because to properly prepare the food for digestion it must be thoroughly masticated.

Rapid eating is still worse when it is caused by the hurry of business or by anxiety or nervous irritability or by the common habit of "bolting" the food. Such eating is sure to produce indigestion or dyspepsia.

The teeth, as well as the stomach, are made for labor, and neither can have their proper work to do if only paps and broths and puddings and hashes and other soft and artificially prepared foods are crowded into the stomach as though the cook in the kitchen could masticate and digest the food better than the natural grinders and the chemical action and assimilating power of the stomach.

Those people who shovel great vulgar mouthfuls of food into their mouths and bolt it down as though they had but ten minutes for a meal are gourmands instead of polite people.

They know little of the pleasure of deliberate eating or the luxury of satisfying hunger, and certainly they are laying the foundation of disease.

Dry, hard food, vigorously chewed, stimulates the flow of saliva, strengthens the teeth and keeps them healthy and invigorates the digestion.

A Clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

Sleep and Death.

An animal deprived of sleep dies more quickly than from hunger. One of the cruelest of Chinese punishments is to kill a man by preventing sleep, he dying insane about the fourteenth day. All animals sleep for some period of the twenty-four hours. How and when they do so depend upon their natural habits. But they all have this in common—that after any unusual exertion they sleep longer.—London Mail.

Got Off Cheap.

He may well think he has got off cheap who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. 25c at all drug stores; guaranteed.

WOMEN IN PARLIAMENT.

Down to Time of Edward III. They Had Right of Voting.

The ladies of birth and quality sat in council with the Saxon Witas. The Abbess Hilda presided in an ecclesiastical synod.

In Wighfred's great council at Becon-celd, A. D. 804, the abbesses sat and deliberated, and five of them signed the decrees of that council along with the king, bishops and nobles.

King Edgar's charter to the abbey of Crowland, A. D. 961, was with the consent of the nobles and abbesses, who subscribed the charter.

In Henry III. and Edward I.'s time four abbesses were summoned to parliament—viz, of Shaftesbury, Berking, St. Mary of Winchester, and of Wilton.

In the thirty-fifth of Edward III. were summoned by writ to parliament, to appear by their proxies, Mary, countess of Norfolk; Alienor, countess of Ormond; Anna Dispenser, Philippa, countess of March; Johanna Fitz Water, Agneta, countess of Pembroke; Mary de St. Paul, countess of Pembroke; Margaret de Roos, Matilda, countess of Oxford; Catherine, countess of Athol. These ladies were called by their proxies, a privilege peculiar to the peerage, to appear and act by proxy.—"Antiquities of Parliament."

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 81 years old." J. W. McCollum & Co.

Ancient Bridge Superstition.

A primitive notion existed among the Romans and other races that a bridge was an offense and injury to the river god, as it saved people from being drowned while fording or swimming across and robbed the deity of a certain number of victims which were his due. For many centuries in Rome propitiatory offerings of human victims were made every year to the Tiber. Men and women were drowned by being bound and hung from the wooden sublimian bridge, which, till nearly the end of the republican period, was the one and only bridge across the Tiber in Rome.

Authorship as a Profession.

Nobody should write who is not firmly possessed of the idea that he has a vocation for literature and is not willing to endure the penalties of art for the sake of serving an art. If a person who writes in that spirit makes a living he earns it. If he makes a fortune he deserves it.—New York Times.

A dwarf sees farther than the giant when he has the giant's shoulder to mount.—Coleridge.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At all drug stores; 50c and \$1; guaranteed. Trial bottle free.
